

A 100th Day Celebration!

Dear First Grade Families,

On Wednesday, February 8th, the first grade classes will be celebrating the 100th day of school!! There are many fun activities that stretch across all subject areas. In order for us to complete all of the day's events, we ask that your child bring in only 100 small edible food items such as: fruit loops, marshmallows, gold fish, raisins, etc. Be sure there are No nuts or products that say made in a facility that processes nuts. I ask you to please read the labels carefully before choosing an item to send. If there is any question, please send something else. Please send these items (that your child counted out) in a zip lock bag with your child's name on it. Some additional safe items include: plain Hershey Kisses, Skittles, Starbursts, Sweet Tarts, Smarties, Tootsie Rolls, Cheez-its, some brands of pretzel sticks. (Your child will still need a healthy snack as usual for the morning.)

We are also asking that your child come to school wearing 100 of something. For example, they could wear 100 ribbons or paper clips made into a necklace, a sign with 100 stickers on it, 100 freckles painted on their face or an old t-shirt with 100 of something glued, sewn or drawn on. Have fun and help your child come up with something creative. But please just find things around the house. We don't want anyone buying things just for this one day. Thank you for your cooperation and participation in making this a fun learning experience for the children!

Sincerely,

The First Grade Team
